The Chattanooga Boys' Choir, under the direction of Stephen J. Ortlip, will give a concert this Sunday evening at 7 o'clock at the Church of the Abiding Presence on the Seminary campus. This concert will replace the usual vesper service.

The choir was founded in 1954 to foster and promote the love and appreciation of good music by boys. It is a community project with more than 200 citizens supporting the choir program. The choir includes 75 boys, 40 of whom are in this town.

Members of the concert choir are of the ages 9 through 14. On all of these trips they gave concerts enroute. They sing in Gettysburg on an overnight stop on their way to Washington.

Their complete repertoire includes classic, sacred, popular and folk music with some arrangements by Director Ortlip who is also director of the Chattanooga Choir and the Baylor School Glee Club and organ and choir master at the Lookout Mountain Presbyterian Church. The choir accompanist is Mrs. Doris Hays Dunbar, music major at the University of Chattanooga and an accomplished pianist whose solo numbers are often included in concert programs.

CASTRO REJECTS TRACTOR DEAL, SAYS TRADERS LIE

By LOUIS DE LA HABA
KEY WEST, Fla. (AP)—Prime Minister Fidel Castro rejected today the latest offer of the Tractors for Freedom Committee but said he would send a delegation of captured rebels back to the United States to explain his position to the American public.

In the rejection, reported by Havana radio, Castro charged that the committee lied when it accused Castro of changing his position. He said the committee tried to confuse public opinion.

The Tractors for Freedom Committee had set a noon deadline today in a take-it-or-leave-it ultimatum that capped nearly a month of negotiations.

It said that if Castro failed to accept, money received from contributors to the tractor fund would be returned to the senders.

CASTRO PROPOSAL

Castro originally offered to exchange the men captured in the April-18 invasion of Cuba for 500 bulldozers. In his proposal, May 17, Castro used the English word "bulldozers."

After meeting in Havana with representatives of the Tractors for Freedom Committee, Castro said he would accept smaller types of tractors, but stipulated that he would have to get 1,000 of them, instead of 500.

In his reply to the committee today, the radio quoted Castro as saying the committee had been silent about an alternative proposal. That proposal, he said, was to abandon the tractor deal if the captured invaders were exchanged on a man-for-man basis for an equal number of "political prisoners."

CONTROL CHIPPED CURBS; CAN COIN CASH CONCRETING

The millenium has evidently arrived. At least in Gettysburg where the town fathers, who have apparently been reading the venerable fairy tale about the Dutch youngster who held back the seas and saved Holland by plugging a hole in dike with his fingers, have alerted some 70 borough residents to the fact that they have chipped curbs or weather-beaten walks.

A guy with a bag of sakrete could make a fortune repairing all the 10-inch breaks in town curbs. Of course he'd have to log as much mileage as the crews at the Indianapolis Speedway to get things under control. But he might get by with a good wheelbarrow full of cement.

Any how it's pleasant to know

ROUND TABLE BATTLE YARN IS FEATURED

The part played by "Buck McCandless" Boys" in repelling the Confederate attack on Little Round Top on the afternoon of July 2, 1863, was reported to the Gettysburg Civil War Round Table Thursday night at a program held at the site.

To outline the action Vice President G. Henry Roth read excerpts from reports given by members of the regiments comprising the 1st Brigade, 3rd Division, 5th Corps and the 11th Regiment of the 3rd Brigade, 3rd Division, 5th Corps, which participated in the action with the 1st Brigade.

Arriving in Gettysburg the afternoon of July 2, the "Pennsylvania Reserves"—the 1st and 3rd Brigades of the 3rd Division, rested east of the Round Tops while they heard the sounds of battle on the west slopes of the hills.

JOIN COMBAT

Finally receiving the order to join the combat, they rounded the north side of Little Round Top and came out on its west slope. At that point they were ordered to assist the Union troops fighting on the south side of Little Round Top. Three of the regiments of the 3rd Brigade had marched off to that duty and the 11th, plus units of the 1st, had started to turn when the Union forces in the Wheat Field fell back and the Pennsylvania outfit found itself required to turn again as the enemy came upon them.

Col. Jackson, commander of the 11th, later described the scene as follows: "A discouraging, yet sublime view it was about 6 o'clock that hot July afternoon. The enemy forcing back foot by foot the struggling heroes of the Third Corps and the First Division of the Fifth Corps, down through the Wheat Field and the woods on the right and left of the Wheat Field, while the artillery to our right and left were playing upon them with shot and shell. Still on they came, a seemingly irresistible mass of living gray."

Col. Jackson described the valley of Plum Run as filling with

TOSSED BEER CAN LEADS TO AUTO CRASH

An auto accident two miles east of here on the Lincoln Highway at 1:10 o'clock this morning led to the arrest of Bernard Rosensteel, 20, 645 Johns Ave., on charges of disorderly conduct.

Placed in the county jail at 3 o'clock in default of \$10 fine and costs levied by Justice of the Peace John Whitman, Rosensteel was released at 7 o'clock when his employer paid the amount.

State police said cars operated by Rosensteel and Kenneth Roger Smeed, 20, Naples-Collier, Fla., collided while both were traveling east on the Lincoln Highway. Damage was estimated at \$150 to the two cars, which were towed away following the accident.

CONTINUE PROBE

Justice Whitman said testimony before him indicated that Rosensteel and two companions were in Rosensteel's car when it passed the Smeed vehicle. Allegations were made that a beer can was thrown by someone and the Florida car gave chase, then cut in front of the Rosensteel vehicle and the cars collided.

The justice said a discussion ensued and continued until police arrived. As a result, the disorderly conduct charge was brought against Rosensteel. Police are continuing their investigation.

State police reported today an accident occurring on Wednesday morning at 10:30 o'clock six miles south of here on the Emmitsburg Rd. when Mrs. M. Vashita Burr, 62, Harrisburg, driving north, attempted to slow for a car ahead. When she braked her vehicle it skidded on the wet highway and ran into a pile of stones in a field. Damage to her car was estimated at \$600. The investigating officer removed Mrs. Burr to the Warner Hospital where she was treated for a bruised forehead.

COURT HEARS GHETTO SAVED 20,000 JEWS

By THOMAS A. REEDY
JERUSALEM (AP) — Adolf Eichmann claimed today that he saved 20,000 Jews from extermination by diverting them to an already overcrowded ghetto in Lodz, Poland.

The former Gestapo officer charged by Israel with major responsibility for the Nazi extermination of six million Jews also claimed that the diversion of the 20,000 to Lodz was the first and only time that he had the chance to make such a decision.

Otherwise, he asserted, his superiors were responsible for extermination orders and he only arranged for the transport of the Jews to the death camps.

PERSONAL CHOICE

"I had the choice personally to determine the fate of these 20,000 Jews," he told the three-judge Israeli court, "and I did not want them to be sent to the East where I knew extermination was going on but sent them to Lodz where I knew that no such thing was going on."

The former Gestapo lieutenant colonel, in his fourth day on the witness stand, testified:

1. SS Gen. Heinrich Mueller, his immediate superior in charge of Department IV of the security police, had "the direct contact" with the Einsatz commandos, the blitz battalions that murdered two million Jews, partisans and Gypsies in the East.

FRICK AND HIMMLER

2. Interior Minister Wilhelm Frick and SS Reichsfuehrer Heinrich Himmler teamed to create the framework that led to the deliberate extermination of the Jews on an order from Adolf Hitler.

Eichmann certified documents introduced by his counsel, Dr. Robert Servatius, as showing that Gestapo Department II supplied the gas vans and trucks used by the Einsatz commandos.

"I gave no orders nor made any arrangements. My Department IV-B-4 had no connection with these affairs," Eichmann declared.

The trial recessed for the weekend after today's testimony.

FETE AFRICAN DIPLOMAT IN HAGERSTOWN

HAGERSTOWN, Md. (AP) — The Maryland town where a top African diplomat was refused restaurant service three months ago began rolling out a red carpet for his triumphant return today.

The guest of honor in a round of ceremonies here will be Dr. William Fitzjohn, former charge d'affaires for the Republic of Sierra Leone. Fitzjohn and his chauffeur, both Negroes, were denied service March 9 at a Howard Johnson restaurant near here.

Highlight of the visit will be a dinner in the city's leading hotel to which 200 Negro and white city residents are invited, Mayor Winslow Burhans, who invited Fitzjohn to return to Hagerstown, said he had done so "in the interest of justice" and as an extension of his apologies for the restaurant incident.

"The celebration will be the highlight of my two years' experience in the United States," Fitzjohn said.

Fitzjohn, who was appointed this week as high commissioner to the Court of St. James in London, had complained to the U. S. State Department after the restaurant incident. President Kennedy later asked governors of all states along the Atlantic Coast to be particularly careful to avoid discriminatory practices involving Africans.

The Howard Johnson restaurant promptly announced it had ended its policy of not serving Negroes, and Mayor Burhans sent an apology to Fitzjohn.

ALESSANDRONI MAY RUN FOR STATE OFFICE

PHILADELPHIA (AP) — Walter E. Alessandrini said today he is going to evaluate the possibility of being the Republican candidate next year for either governor of Pennsylvania or U. S. senator.

Alessandrini, who has resigned his post as U. S. attorney for the Eastern District of Pennsylvania, effective next Friday, said his consideration is based on interest shown in him by Republicans around the state.

Alessandrini previously was mentioned as a possible gubernatorial candidate. Today's expressed interest in the Senate seat now held by Democrat Joseph S. Clark was the first in that direction.

The 46-year-old Philadelphian said he previously had not felt free to discuss his political future because of his government post. He was appointed U. S. attorney two years ago by former President Dwight D. Eisenhower.

Among other Republicans mentioned either for the Senate post or the governorship, now held by Democrat David L. Lawrence, are U. S. Reps. James E. Van Zandt and William Scranton and state Sen. William Scott of Carbon County.

Mr. Alessandrini will deliver the address at the Gettysburg Firemen's annual memorial service July 2 in the Gettysburg High School auditorium.

New England Folk Will See Gettysburg

Four happy "Yankee Traders" will have their vacation in Gettysburg between August 20 and September 2 and the William Barigas, W. Confederate Ave., can enjoy New England at the same time.

Mrs. George D. Andrews and her family, Old Bedford Rd., Concord, Mass., quickly closed the deal for the exchange of housing facilities with the local residents after her offer was carried in The Gettysburg Times.

A week ago Mrs. Andrews bewailed the fact that leisurely sightseeing in the Gettysburg area would sorely strain her budget, and suggested that some area residents might be eyeing historic Concord with the same eagerness. Arrangements have now been completed between the two families for the exchange of residence.

Kennedy Receives Housing Measures

WASHINGTON (AP) — President Kennedy today had most of what he asked from Congress in the fields of housing and urban improvements.

The House passed a multi-billion-dollar bill Thursday night including all but one of his major recommendations. The Senate has passed a similar one.

Next week, conferees will adjust the differences and both houses will vote once more on the product—but there is no longer any doubt of approval.

House Democrats said the bill passed there calls for \$4.9 billion spending in programs of various length, mostly one years. Republicans who fought hard but unsuccessfully to whittle down the measure denounced it as a \$9-billion-plus extravagance. The senate bill has been tagged at \$6.1 billion.

WICHTA, Kan. (AP) — Joann Dyer, Miss Ohio, was chosen Miss National Press Photographer Thursday night at the National Press Photographers Convention.

Second place winner was Sharon Alkire, Miss Colorado, and third place went to Gloria Shaw, Miss Illinois.

WAR PERIL IS SEEN IN BERLIN

WASHINGTON (AP) — Congress generally agrees that the West faces an early showdown with Soviet Premier Khrushchev over Berlin that could erupt into a third world war.

This view is reflected by week-long debate—particularly in the Senate—stirred by the suggestion of Sen. Mike Mansfield, D-Mont., that all Berlin be declared a "free city," its neutrality and safety guaranteed by both sides. He called this a "way out" of the stalemate.

Mansfield, the Senate Democratic leader, warned in a speech a week ago Thursday that the commitment to defend West Berlin ranges all the way "to a final pledge of the lives and fortunes of every man, woman and child in this nation."

Most of the speakers, particularly the Republicans, agreed with Sen. Jacob K. Javits, R-N.Y., that the United States should not back down on a policy of keeping Western troops in West Berlin until Germany can be reunited on the basis of free elections.

Javits Thursday offered a resolution to put the Senate on record in support of that stand.

WESTERN OPEN GETS TOUGHER

GRAND RAPIDS, Mich. (AP) — Par in today's second round of the Western Open Golf Tournament should look a good deal less like a holiday turkey after a boarding house dinner.

Tee markers were moved back to normal placing after 61 sizzling players in the 149 man field gorged themselves on sub-par scores to start the \$30,000 event Thursday.

Already Arnold Palmer of Miami, Fla., and ex-University of Southern California golfer Al Geiberger took the biggest bite. They led the field with 6-under-par 63s.

The 6,730-yard Blithfield Country Club course plays to a par of 36-35-71.

Bunched in a six-pack one stroke behind the leaders were Michigan-raised Dave Hill; Don January of Dallas, Tex.; Doug Sanders of Miami Beach, Fla.; Sam Snead; Ted Kroll of Fort Lauderdale, Fla., and host club pro John Barnum.

Fifteen others cruised in with scores of 67.

Cool, Showery In Eastern U. S.

By THE ASSOCIATED PRESS
Rather unseasonable coolness and widespread showers again dominated the weather picture in most of the Northern and Eastern sections of the nation today.

The principal shower band went across the Great Lakes region, the Ohio Valley and the New England States. Isolated showers were reported in the Texas Panhandle and in central Florida, but rain accumulation was light.

Scattered showers also fell over the Great Lakes and in upper New England, Illinois and Lower Michigan.

The Weather Bureau said a warming trend was on the way for most of the nation, but the early morning readings at Duluth, Minn., and Marquette, Mich., were 45.

HOUSE VOTES TAX BENEFIT TO PROCESSOR

HARRISBURG (AP)—The processing industries stand to get a tax break under a pair of bills approved by the House.

The measures—sent to the Senate for further consideration—would extend the present manufacturers' exemptions in the sales, capital stock and franchise tax laws to the processors of food, textiles, metals, animal and poultry feed, and soft drinks.

In another development Thursday, the House also approved—160-17—a bill accelerating sales tax returns next year. The consumer would not be involved in this procedure. The measure also went to the Senate for further action.

TAX DEADLINE

The bill provides that merchants return their tax collections for next April and May to the state by June, the last month of the 1961-62 fiscal year. Without this change, the returns wouldn't be due until July.

The state hopes the accelerated collections will bring in an extra \$10-\$11 million for the fiscal year and help pay off the \$34 million deficit left from the fiscal period ended last May 31.

For industry, the manufacturers' exemptions were of major importance.

CLEAR CONFUSION

They are intended to clear up a matter of confusion that has created several law suits against the state.

Under present interpretation of the tax laws, backed by the courts, the only manufacturing exempt from the various taxes is that in which a complete new product emerges.

Thus food packers and processors have been levied; so have mills which fabricate metals, and so have a long list of other enterprises.

REJECT GOP PLAN

Before approving the new exemptions and sending them to the Senate, the Democratic majority rejected Republican amendments to include prefabricated homes and saw mill industries.

They also voted down an amendment to include food canners, claiming that the new exemptions cover canning.

The vote on the sales tax exemptions was 200-0 and on the capital stock and franchise taxes, 198-0.

Legislative fiscal sources said the exemptions won't cost the state much in revenue because past payments from these manufacturers largely have been tied up in the pending court suits.

Hospital Questions

Last year, when I needed minor surgery, I had to wait several weeks before I was told that the hospital could accommodate me. Why?

Warner Hospital's 40-year-old surgical department has only one operating room. Yet last year, your operation was but one of 1,585 operations performed in the surgical suite which averaged more than 30 operations a week.

Delays for surgery will be eliminated in the new, completely modern surgical suite occupying the entire second floor of the hospital's North wing. There will be two major and one minor operating rooms, an orthopedic unit, and a ten-bed recovery room.

Other major improvements include air conditioning, a modern central sterile supply, ultrasonic equipment for cleaning surgical instruments, an ultraviolet ray system, improved lighting, and direct elevator transportation to operating rooms.

The final step in a six-year program of hospital growth, the new surgery will enable Warner Hospital to take care of the surgical needs of the community for many years to come.

If you have any questions you would like to ask about the hospital or the current surgical floor fund, just send them to P.O. Box 85, Gettysburg.

ROUND TABLE

smoke "and it was almost impossible to see the troops. We could with difficulty see a column commencing to ascend the slope but could not tell whether it was our troops retreating or the enemy advancing. Finally two men came up the hill and as they approached I inquired if the front was clear of our men. They replied: 'Yes, those fellows are Johnnies.' I immediately gave the command to fire and we poured a terrible volley into the very faces of the enemy."

Later, according to Col. Jackson's report, "I soon realized that the only way to hold the hill was to charge forward. Therefore I gave the command to fix bayonets and charge. This order was obeyed with a will and with that familiar yell peculiar to the Pennsylvania Reserves we rushed upon the foe with a determination to either drive the invaders back or sacrifice ourselves on our native soil. Our fondest hopes were realized. The tide was turned, the enemy broke and fell back in much disorder."

chairman. The committee, authorized at last year's annual meeting, gave two recommendations: First, "that we continue our emphasis on the congregational services to the aged in our midst" and second, that "this committee or a special committee start planning for the erection of a home or homes for the aged; that any such home or homes be planned for eventual total infirmity care." This committee is also directed to consult with the officers of synod in the development of these plans. Members of this special committee making the study were as follows: Roger Steck, Carlisle, chairman; the Rev. Maynard Barnhart, Arendtsville; the Rev. Cleon F. Prowell, Chambersburg; Mrs. Luther Sachs, Gettysburg; Dr. W. E. Tilberg, Gettysburg, and the Rev. Dr. Elmer P. Truchsess, Carlisle.

SECRETARY RESIGNS

Announcement was made at the meeting of the resignation of Mrs. Kathryn Finkbner, Gettysburg, who has served the LIM office as secretary-receptionist since its establishment four years ago. Her resignation was accepted with regret and special note was made concerning her faithful service during these years.

The installation of the newly-elected officers was conducted by the Rev. David R. Hoover, McConnellsburg, president of the West Pennsylvania Conference of the Central Pennsylvania Synod. Devotions at the beginning of the meeting were led by the Rev. Charles Sardeson, Carlisle.

The meeting of the board of control was held at St. Paul's Lutheran Church, Carlisle. Guests included the Rev. Cedric Tilberg, director of Synodical Social Missions of the Central Pennsylvania Synod, and Sister Betty Amstutz, secretary of Inner Missions of Central Pennsylvania Synod.

The budget for 1962 adopted totals \$14,510. This represents the cost of maintaining the regular program of the Lutheran Inner Mission. The business session of the board of control was conducted by Dr. Reaser. The Rev. Lester J. Karschner, Abbottstown, chairman of the conference committee on Social Missions, offered the closing prayer and benediction.

ers" in the United States, Puerto Rico, Guatemala, Nicaragua and Spain.

INVASION LEADERS

Castro also said the committee had been silent about another proposal to exchange the invasion leaders for Francisco (the Hook) Molina, a pro-Castro Cuban who is awaiting sentencing in New York City on a second-degree murder charge; Pedro Albizu Campos, a Puerto Rican nationalist leader who is under guard in a San Juan hospital, and Henry Winston, a jailed American Communist party leader.

The three invasion leaders are Capt. Manuel Artime, Jose San Roman, and Rafael Bolivar Fuentes.

The committee had asked Castro for a list of prisoners who would be subject to the exchange. The original number was 1,214 but Castro's list included only 1,167.

FREE OF CRIMES

Today, the radio quoted Castro as saying the 1,167 were the only ones of the group who were innocent of crimes against the Cuban people.

Castro was further quoted as saying he had accepted the intervention of the Tractors for Freedom Committee because he considered the committee to be "decent and serious" since Mrs. Franklin D. Roosevelt was a member.

However, Castro said the committee's ultimatum showed its intention to break off negotiations and lay the blame exclusively on the Cuban government, the radio reported.

for high school students, but for adults as well, and held "what is needed is more time for an individual to spend with himself."

"Students and adults alike need time to think, to correlate what they have been taught, to discover their own inner resources."

MENTAL HEALTH

In the senior high discussion, the schoolmen spent much time in discussing how to most effectively present their belief that a strong program in mental health is needed in the high schools. The wording "crash program" was rejected, but the schoolmen held that "there is need in mental health for a program somewhat similar to the National Defense Act which stimulated studies in science and mathematics."

Discussion on physical education showed some differences of opinion. One group wanted facilities expanded so a complete intramural program could be conducted in sports activities along with an interscholastic program. Others held that there were sufficient facilities for an intramural program in which all could take part if the interscholastic programs were dropped. Some educators held interscholastic sports are "a successful program, why drop them?" Others said that interscholastic teams "take care of 10 youngsters at the expense of all the rest."

The discussion indicated the belief on the part of some schoolmen that "a crash program on physical education is coming."

The senior high school group set no "hour basis" for students, but did hold that transportation time, and extracurricular activities should be considered. Time devoted to homework, they held, "is not considered to be a problem with the lower groups, but the advanced pupils need to be protected as to the amount of time they are expected to use for this purpose."

TIME ELEMENT

The junior high school group said, "The maximum time for the scheduled daily program should not exceed 7½ hours. A shorter day would be desirable for this age group if the local situation permits. The consensus is that school sponsored activities should not exceed 1½ hours beyond the scheduled day."

The junior high discussions also held that "the school should attempt through guidance to promote reasonable limits to time involved per day in gainful employment" and "the school should attempt through organized guidance to promote a healthy boy-girl association in the community."

Elementary teachers simply said, "The minimum teaching time required by the Department of Public Instruction per day is five hours." They expressed concern, but had no answer on the problem posed by "poor bus transportation" which adds more time to the school day.

The elementary teachers urged planning on the part of the junior high schools to "ease difficulties in the transition from grade school to junior high school." After spending some time discussing whether

District Attorney Daniel E. Teeter, second from left, Black Walnut District finance chairman for the Boy Scouts, announced reappointment of Jack Orner as general finance chairman; W. E. Tilberg as special gifts chairman and Harold Ecker as auditor, at a Scout leaders' luncheon meeting Thursday at the Hotel Gettysburg with Ray R. Wiegand, York, Adams area Scout executive (extreme left). Plans were made for the 1962 finance drive in the district.

Teeter commended all who helped with the successful 1961 drive that has reported \$9,514.18 in cash, pledges and promises. That sum includes \$3,800 from the Gettysburg Community Chest.

Say 450 Have Week To Live

CHICAGO (AP)—A week from today American motorists will start rolling out on the highways in volume to enjoy the long July 4 holiday weekend.

For 450 to 480 of them it will be their last outing. The National Safety Council as yet has not calculated a definite estimate of the holiday highway toll but says its figure will fall somewhere within that range.

The council's traditional estimates and the attention that news media give to the accounting of holiday fatalities has come in for criticism of late. While some safety campaigners insist that the warnings have a salutary effect, others maintain that extraordinary attention is given to death totals that would mount up whether or not a holiday were involved.

One statistic stands out. The safety council reports that the death rate over holidays has been decreasing steadily. It believes the attention given to holiday accident news by the press, radio and television has been a major, if not the major factor in producing that decrease.

Figures collected over the years by The Associated Press support the council's position that holidays are greater killers than ordinary days. The death toll any day of the week, any month of the year is shocking; over a holiday it is even more so.

A foreign language should be taught in the elementary schools and if so, which one? The elementary teachers held that, if a foreign language is taught, it should be on a voluntary basis and should be confined to a conversational basis, with the training in grammar, etc., to come at a later period in school development.

MRS. KENNETH SANDERS
FAIRFIELD — The Fairfield Cub Scouts will conduct a paper drive Saturday.

Mr. and Mrs. Roger Johnson have returned from Jamestown, N. Y., where they were called last Sunday by the death of Mr. Johnson's step-mother, Mrs. Carl Johnson. She was buried Tuesday, with services in Jamestown.

Mr. and Mrs. Pattie Roney and children, Kenneth and Patricia, Jacksonville, Fla., have concluded a two-week vacation with relatives here. Mrs. Roney is a sister of Mrs. Leroy Sheads. On Sunday, they attended a family dinner given by Mr. and Mrs. Archie Dolheimer, of Abbottstown.

Dr. and Mrs. Malcolm Arnold, Kensington, Md., recently visited with Mrs. Emma Seabrook.

Strike Parties Study Peace Plan

Associated Press Labor Writer
WASHINGTON (AP) — Employers and unions, deadlocked in the nation's big shipping tie-up, today pondered a government peace plan to end the eight-day strike short of an otherwise expected Taft-Hartley court injunction.

President Kennedy is ready, if the ship owners and six striking unions agree, to name a three-man committee to weigh all issues and come up with a recommended solution.

The plan, proposed by Secretary of Labor Arthur J. Goldberg Thursday night, calls for a 60-day strike suspension. Goldberg, saying it was a fair solution to all concerned in the present negotiations stalemate, called for acceptance or rejection by 1 p.m. Saturday.

File Carbon Copy Of Chandler Will

LOS ANGELES (AP) — Jeff Chandler's attorney has filed in Superior Court a signed carbon copy of the actor's will, under which Chandler left more than \$600,000 in trust for his two daughters.

A petition accompanying the will Thursday said the original of the document, dated June 9, 1959, had not been found. The court was asked to recognize the carbon copy.

The will made no provision for Chandler's former wife Marjorie. She received a property settlement at the time of the couple's divorce. The divorce became final Aug. 16, 1960, and the daughters, Jamie, now 14, and Dana, now 11, have lived with her since.

Chandler, 42, died June 17 of complications following a back operation.

that there aren't any pot holes in our streets to engulf the front end of your car and rattle your teeth as you drive along. Maybe the chipped curb contingent could make a deal with the borough—a reciprocal sort of thing where the curbs and the potholes might disappear together.

OPENS POSSIBILITIES

On second thought though, the town has a good thing going for it. It wouldn't do to entice motorists to park their cars in spots where the jagged curbs might scratch a new white wall. Such things just aren't neighborly. But it's sure drawing a fine line to determine where borough responsibility ends. Is it where street and curb touch? Or an inch away? And who owns the curb where the parking meters sit?

This thing opens up all sorts of possibilities. Since the curb is mine, could I have the borough use of a soft pastel instead of those horrid yellow no parking lines if the color scheme happens to clash with my store front? Or could I have some of those shabby meters refurbished just to keep the tone of my area up? And could I have some of those big trucks park at the next house instead of before my picture window?

Has the borough council ordered householders with half-cracked brick walks, broken cement sidewalks, raised walks and a score of "no walks" to take care of those things pronto? Probably not. Most of them have been in this sad state of disrepair for months on end and nothing is done about it.

The accompanying illustration was one of those "get this thing fixed immediately" . . . it measures 15 by 10 x 17 inches.

Moose Donate \$500 To Vets'
Welcome Fund: Donations to the Welcome home program for veterans from Adams County August 24 today reached \$1,000 with a contribution of \$500 from the local Moose lodge.

Charles Lawver, secretary of the lodge, turned over the check for \$500 to finance committee co-chairman Sydney Poppy who in turn gave the amount to George M. Zerling, treasurer for the committee in charge of the event.

The donation was the second \$500 check received by the committee with the Eagles giving the first \$500 about a week ago. Edmund W. Thomas, president of the First National Bank, and chairman of the finance committee, announced that Miss Verna Kitzmiller is in charge of soliciting donations from the physicians and dentists while Miss Mary Bishop is seeking donations from the lawyers. Roy P. Funkhouser is in charge of donations from the county's industries.

Eighth Grader At East Berlin Wins Top Honor: Harper John Phillips, a student in the eighth grade at East Berlin, led all others in the high school entrance examination given recently by the county school system with a total score of 34 1/2, the county superintendent of schools' office said today.

Phillips was one of five students out of 357 who passed the examination to make 350 or more, considered approximately perfect for the 400 point test.

A total of 33 of the county's students made "A" marks on the examination with fourteen districts providing all of the "A" students. There were no students making over 315 in Berwick, Cumberland, Freedom, Germany, Hamilton, Huntingdon, Latimore, Mt. Joy, Oxford, Reading, Tyrone or Union township or in McSherrystown.

Black Walnut Scouters Plan Capital Trip: Eighty-three Boy Scouts from throughout the Black Walnut district have arranged to take part in the pilgrimage to Washington Wednesday, William R. McClellan, district chairman of Camping and Activities, announced today.

Two buses have been chartered to transport the scouts to Washington with the scouts to be under the supervision of District Commissioner Jack Cenna, a member of the district committee and a scoutmaster. The latter two are to be definitely decided upon today or Tuesday.

14,500 Visit Battlefield; Most In Years: Approximately 14,500 visitors toured the Gettysburg battlefield during the past week, according to estimates prepared by the National Cemetery office. The number was said to be one of the largest since prewar years.

A total of 524 guided tours were made during the week, with 108 of the trips, conducted Sunday, when 3,000 visitors went over the field and 97 trips on Saturday when an estimated 2,700 saw the battlefield.

While tourist travel was high the motor jam of Sunday a week ago was not repeated Sunday, police said. Traffic was steady throughout the day, but for the most part there was no concentrated heavy movement of vehicles the officers added.

Today's Talk

ON AND ON

I can find nothing in this life that is of itself easy, so long as it is worthwhile.

And I discover myself thinking the opposite today to what I thought yesterday. But I am not disturbed, for I am traveling — on and on. Yesterday I walked through a lonely valley. Today I am high on the hills and look down into the valley. And valleys look different from high places.

When you are low in the valley of your distresses, climb up and look down. Your troubles look very small and insignificant when you have risen above them.

Those who start out in life with much usually end with little.

Only by working, thinking, believing, on and on, are we able to find happiness — in endurance.

And only in this way are we able to surpass ourselves each day.

Robert Louis Stevenson once told his stepson: "I am not a man of unusual talent, I started

out with very moderate abilities; my success has been due to my really remarkable industry — to developing what I had in me to the extreme limit. When a man begins to sharpen one faculty, and keeps sharpening it with tireless perseverance, he can achieve wonders. Everybody knows it; it's a commonplace, yet how rare it is to find anybody doing it—I mean to the uttermost as I did. What genius I had was for work."

He who scatters gets nowhere. But he who concentrates—even on a simple task, and does it better than it has ever been done before—is sure to excel many and surpass a large number.

We need to think about these simple, every-day, easily forgotten truths. So many want quick money, easy wealth, high salaries, without working for them—or, rather, without working and waiting until they come from long patience and labor.

Church Drops: Adams county's Protestant churches have lost 700 members during the past year according to reports presented Sunday at the 47th annual convention of the Adams County Council of Christian Education at Biglerville.

Total church membership was given as 15,263 during the past year, a drop of 700 under last year's report.

Reds Up Lead To 2 Games; Giants Drop Four Behind

By ED WILKS

The Cincinnati Reds defeated St. Louis 7-5 Thursday night for a two-game lead in the National League pennant race after the second place Los Angeles Dodgers lost 7-5 to the Chicago Cubs. The Dodgers open a three-game series at Cincinnati tonight.

Milwaukee spilled third place San Francisco four games from the top by beating the Giants 8-6. And Pittsburgh defeated Philadelphia 5-1.

The Reds, out-hit 8-6 by the Cards, came from behind with two runs in the fourth inning, then wrapped it up with a three-run sixth off loser Larry Jackson (3-7).

WIN FOUR IN ROW

George Altman, Billy Williams and Jerry Kindall each hit home runs and drove in two runs as the Cubs beat the Dodgers for only the third time in 12 games. The Dodgers, who had homers by John Roseboro, Daryl Spencer and Duke Snider, blew a 4-1 lead.

The fifth-place Braves, winning four in a row for the first time, hammered five home runs, two by Frank Thomas, while putting away a three-game sweep over the Giants.

Two home runs by catcher Smokey Burgess drove in the Pirates' first four runs. Both shots were off John Buzhardt (2-8), who hit Burgess with a pitch in his third trip to the plate and was handed an automatic \$50 "beanball" fine.

Upper Adams Pony League

The New Oxford Dodgers retained first place by winning their fourth straight to remain unbeaten, whipping the Orioles at Bensenville 15-1 Thursday evening. Each team scored nine hits.

Score by innings:

Dodgers 633 100 0-15

Orioles 000 010 0-1

Arendtsville's White Sox kept one game back of the league leaders by crushing the Giants 19-8 at York Springs.

Bobby Bream, with a home run and double, led the Sox. Ron Trostle rapped a triple and two doubles for the Giants. Hartman hurled the distance for the winners. Dave Bricker, R. McCauslin, R. Trostle and S. Black pitched for York Springs with D. Bricker and S. Black sharing the catching. Darkness halted the game in the middle of the sixth.

Score by innings:

White Sox 300 700-19-4

York Springs 141 208-8-7-3

At Biglerville the Idaville Senators blanked the Red Legs 7-0 as Davis pitched a two-hit shutout. The winners collected eight hits.

Score by Innings:

Senators 005 020 0-7

Red Legs 000 000 0-0

GROUP URGES PUBLIC HELP ON EDUCATION

HARRISBURG (AP)—A group of former members of Gov. Lawrence's Committee on Education have joined to support that committee's recommendations, and the governor has called again for that support.

The former committee members organized the "Citizens Committee for Better Education" here Wednesday and announced that their objectives are:

1. To keep the general public informed of the legislative progress of the major provisions of the education report and issues related to it.

ENLIST SUPPORT

2. To enlist the support of already existing organizations in the state for recommendations of the governor's Education Committee.

3. To urge legislators to take favorable action now on bills introduced in the General Assembly which are based on the education committee's proposals.

COMMITTEE MEMBERS

All were members of the governor's committee.

At the same time the committee announced it has received a pledge of support from the Philadelphia, Pa., and the Harrisburg, Pa., Rotary groups in Reading, Pa.

"I am asking you—as members of an organization which spans the world—to join with those who are determined to bring about a better education program for our young people."

COLLEGE BILL HAS APPROVAL

HARRISBURG (AP)—A Senate bill removing the district limits on the 14 state-owned colleges received committee approval Wednesday in the House.

The Education Committee sent the measure to the floor for further action.

At the same time it sent to the House's special education committee a proposal to increase faculty salaries at the 14 institutions. The special committee has been charged with the task of developing an education program for this legislative session, based upon recommendations of Gov. Lawrence's Committee on Education.

50 PER CENT INCREASE

The latter, a group of laymen and legislators, recommended a 50 per cent increase by 1970.

The district bill is part of a step to convert the colleges, now devoted primarily to educating future teachers, into general, liberal arts institutions.

BARBER SHOP GROUPS TUNE UP IN PHILLY

PHILADELPHIA, Pa. (AP) —

"Okay," says a hefty steelworker "round up Al and Steve and we'll take another shot at wood-shedding 'Dear Old Girl.'"

"Will do," replies a pint-sized accountant, "and let's try to take it from the pitch pipe right this time, then really tag the tune. If we goof, there'll be no afterglow for us and the barber-teens when the parade is over."

That little exchange represents some of the refinements in the glossary of S.P.E.B.S.Q.S.A., the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc., holding its 23rd international convention this week.

IMPROMPTU SINGING

Woodshedding is impromptu singing by any four men. Pitch pipe is an instrument that gives singers proper pitch at the outset. Tag is a special zing at the end of a real show-stopping type song. Afterglow is a social shindig following a barber shop harmony performance. Barber-teens are adolescent children of society members. Parade is a public barbershop harmony concert.

The S.P.E., etc., likes to think of its 28,000-member organization in Canada and this country, as one of the most heterogeneous anywhere. That it appeals to just about all ages (16 is the starter for membership) and to many temperaments is obvious from the way this convention of over 6,000 is percolating.

Michigan Town To Return To Dowsing

CORRUNA, Mich. (AP) — Having spent \$3,500 on test wells in a futile effort, this central Michigan community is ready to return to the ways of its forefathers in finding fresh water.

The City Council has voted to employ a local resident who uses the ancient dowsing or so-called divining rod forked-stick technique in its search for a new water supply.

"This may sound like a joke, but it's not," said Councilman Howard Watson. "It has worked many other times, and it may work here."

Kindergarten, Mrs. Shirley Fiesel, teacher; Penny Oberlander, Barbara Hull, Sandra Lucabaugh, helpers; Nursery, Mrs. Gail Leas, teacher; Janet Berkeimer, Susan Chronister, helpers. The director of the school is the pastor, Rev. Mr. Anderman. He is assisted by Mrs. Anderman and Mrs. Melissa Roos, treasurer.

The East Berlin 4-H Club met in the all-purpose room of the East Berlin Elementary School Monday afternoon with Gail Boyer, president, presiding. There was 13 members and two leaders present. It was decided that each member pay dues of 5 cents at each meeting. A committee to select a name for the club was appointed and is headed by Vice President Phyllis Harbold. Linda Pfeffer, Kerry Frigm and Debra Lerew, Mrs. Helen Tunison, Adams County home economist, taught the girls how to cut their skirts and the fundamentals of the sewing machine. The next meeting will be held at the same place July 3.

The bus for Girl Scout and Brownie day camp will leave the Reformed Church each morning at 8:15 o'clock, beginning Monday, June 26, through the 30th. The camp day is from 9 to 3 and is held at Camp Happy Valley. At the recent dance sponsored by the Girl Scouts, prizes were awarded to Marcine Krout, door prize; jitter-bug dance, Charles Hoffman and Vicki Lucabaugh; and spot dance, John Lerew and Linda Dennis.

STRIKE WORSE AS ILA GOES BACK TO WORK

NEW YORK (AP)—Longshoremen return to the docks Thursday after a one-day work stoppage that crippled the port of New York.

But the week-old nationwide maritime strike grew worse: The number of immobilized American-flag ships rose to at least 150 in 30 ports on the East, West and Gulf coasts.

Negotiations were in a stalemate as the impact of the strike deepened. More industries — especially oil plants — were hit.

TAFT-HARTLEY

A group of oil producers in Texas asked President Kennedy to invoke the Taft-Hartley Act

strict hunting in their areas under a bill passed Wednesday by the House.

The measure, which went to the Senate, would reserve for the State Game Commission the jurisdiction over hunting restrictions. The vote was 129-71.

Mace Missile Is Ready For Combat

CAPE CANAVERAL, Fla. (AP)—The Air Force reports its Mace-B guided missile is virtually prepared for combat-alert assignment.

The announcement followed the successful launching of one of the swept-wing missiles on an evasive 1,100-mile flight down the Atlantic range Wednesday.

Lock Picker Opens Sheriff's Desk

MIAMI, Fla. (AP) — Convicted in Criminal Court of picking the lock of a Miami Beach mansion, Alonis S. Stein, 34, appealed, and bond was set at \$7,000.

Forms for the bond, however, were in a deputy sheriff's locked

desk.

Deputy Court Clerk James Regan said Stein calmly borrowed exhibit A in his trial—the lock-picking tool — and opened the desk.

Then, with bond completed, he strolled to freedom.

JOYCE KILMER TREE IS DYING

NEW BRUNSWICK, N.J. (AP)—The gnarled old oak that inspired Joyce Kilmer to write his poem "Trees" is dying.

Kilmer Oak, nearly 300 years old, still stands proudly on the campus of Rutgers University, but age is taking its toll. A dozen branches failed to bloom this spring and a large gash developed in its trunk.

ADVERTISE IN THE TIMES

Just Folks

ARE YOU GOOD FOR ANYBODY?

Sometimes I think life narrows down to some simple little question like this: "Are you really good for anybody?" Are you better than medicine, better than money, finer than a vacation—for somebody?

I believe that if more people married because they felt they were going to be of great good to their choices rather than for love, even, there would be more marriages that would be peaceful and enduring.

You see, love is made of such a vast number of hues and is so rarely understood that it is a very wise and paying proposition to ask yourself in advance of any association: "Will I be good for him—or her?"

And if you are good for him—or her—love will take care of itself!

Many of our fondest imagined possessions fade away as we get close to them and find that they are like the mirage. Which teaches us that the greatest comforts of life are those which come to us in simple garb—sincere and heartwhole, free of all hysteria and glamour.

An illusion is something you see before you, something that you build upon but which is unreal all the time—though you don't appreciate the fact until you have passed beyond it. And that is the revelation—that is the thing that makes you big, or small and contracted.

Many of us demand that which is not good for us and which we might not want anyway.

How wonderful to want, with all your heart, to be good for somebody, for somebody to be good for you!

Coptic Sect Saw Misery In Adam's Rib

By WILTON WYNN

CAIRO, Egypt (AP) — An ancient Egyptian religious sect believed that if the rib had stayed inside Adam's chest, mankind would have been spared a lot of misery.

This sect believed that so long as the woman was inside Adam's chest, there was no death and the world was a paradise. But separation of woman from man was one of the "mistakes" in a bad job of creation that brought no end of trouble to the world.

The primitive people who held these ideas were known as the "Gnostics" and were considered heretics by other early Christians. Scholars have discovered the theorizing about Adam's rib in Gnostic "gospels" found 13 years ago in a monastery near Nag Hammadi in upper Egypt but only now being fully studied. There are hints in these writings that suggest the Gnostics may have practiced ceremonial nudism and perhaps engaged in mysterious sexual rites.

WRITTEN IN COPTIC

These writings are in the Coptic Old Egyptian language, and scholars consider them among the most important historical finds in many years. Most of the writings are now in the Coptic Museum in Old Cairo.

The documents include a series of gospels—the "Gospel of Truth," the "Gospel of Philip," the "Gospel of Thomas." There also are three versions of the "Apocrypha of John."

Writing on the subject in The Biblical Archaeologist, Dr. Floyd V. Filson of McCormick Theological Seminary notes that early Christian writers accused the Gnostics of irregular sexual practices and some hints in the Gospel of Philip document indicate their suspicions may have been well founded.

In Philip's Gospel, the holy of holies in the temple is called the "beichamber" and there are references to giving birth and conceiving by kissing.

HOW MANY CANDLES?

Do you count the candles on your birthday cake? Why bother? Once you're past sweet sixteen, it doesn't matter how many candles you're entitled to. What counts is what you're doing with those years.

The years that are past have burned themselves out. Perhaps they have been all you've wanted them to be—but, if you're like most of us, maybe you could have made them a little better.

One of God's greatest gifts is the marvelous fact that you are too late to begin again.

Birthdays remind us of the passing of time, of a new life. Celebrate your birthday by giving. Give something of yourself, by going to your church and taking part in its activities, especially those that help others. Next year, the added candle on your cake will burn with a special brightness!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

JAVITS WANTS FIRM POLICY ON W. BERLIN

By ERNEST B. VACCARO
WASHINGTON (AP) — Sen. Jacob K. Javits, R-N.Y., offered a resolution Thursday to put the Senate on record as backing a firm policy for continued support of West Berlin.

He said it would help erase "any ambiguity in U.S. policy" that may have been raised by the suggestion of Senate Democratic Leader Mike Mansfield of Montana for an internationally projected "free city" of both East and West Berlin.

In a speech prepared for delivery in the continuing debate over the Berlin crisis, Javits said that if Mansfield's suggestion were accepted, "all of Berlin would be Communist in six months—and Germany would be divided forever."

The United States, Javits declared, must safeguard its obligation to remain in Berlin with the same coolness and the same determination that the Russians are using, not only on that front, but on others.

"I would be the last to say that Shipley, Grace Tydings, Betty Wolfe, Mary Ohler, 12-1 — Elaine Bowers, James Carl, Jackie Myers, 12-2 — Linda Bowers, Emma Jane Formwalt, Frances Shoemaker, Norma Willet, Larry Hebride, Robert Lawrence.

At the end of the assembly the students received their report cards and were dismissed for the summer vacation.

Two students from Taneytown High School have been awarded scholarships to college this year. Emma Jane Formwalt received the Taneytown District Scholarship awarded by Carroll County for one year full tuition. She will attend Western Maryland College next September. Jeanne Howarth received an Honors Scholarship from Catawba College where she will enroll as a freshman next September. Both girls plan to be teachers.

EAST ST. LOUIS, Ill. (AP) — Dr. Henry W. Hurd, 62, who retired in 1959 and sailed with his wife to live on an island they owned in the Virgin Islands, died Wednesday, Dr. Hurd, who was a native of Centralia, Ill., practiced medicine and surgery in East St. Louis for 40 years.

this is not without risk," the New York Republican continued, "but I would be the first to say that it is a risk which if not taken is likely to lead to reverses far worse in character—and could lead to defeat."

Sen. John Sherman Cooper, R-Ky., proposed that President Kennedy form a bipartisan consultative committee of foreign policy experts for "a full review and consideration of every aspect of the German and Berlin issues."

He suggested such a group, which would include former Republican Secretary of State Christian A. Herter and former Democratic Secretary Dean Acheson, work under Secretary of State Dean Rusk and consult with former Presidents Dwight D. Eisenhower and Harry S. Truman.

Such a committee, Cooper said, would provide Kennedy with "the broadest base of support for the decisions he will be required to make" on Berlin.

SEEK DOYLE'S 'LOST WORLD' NEAR AMAZON

By DIAL TORGERSO
CORONA DEL MAR, Calif. (AP)—Adventurer Dana Lamb is headed back to the jungle—this time in search of the lost world that inspired Sir Arthur Conan Doyle's famous tale of 20th century dinosaurs.

An English explorer found a towering plateau in central South America in 1909, and his description led Doyle to write his 1912 story of adventure, "The Lost World."

Doyle's version peopled it with prehistoric monsters surviving into the present. Lamb isn't sure what he'll find, but he's convinced he can locate the plateau and somehow reach the top of it.

GOES TO PERU
Lamb, 55, left this week by plane for Lima, Peru, to talk to Brian Fawcett, operator of a South American airline and son of Col. P. H. Fawcett.

It was Col. Fawcett who spotted the plateau from below, and wrote of it in notes later read by Doyle: "Time and the foot of man have not touched these summits. The imagination could picture the last vestiges of an age long vanished."

From Lima, Lamb will proceed to Sao Paulo, Brazil, before pushing into the Matto Grosso jungle-land of southwest Brazil. He believes the lost plateau lies near the Bolivian border at the headwaters of the Rio Verde, a tributary to the distant Amazon.

Lamb's wife, Virginia, 47, will join him, probably in Sao Paulo, for the expedition.

Together the two paddled and sailed the length of Mexico in a canoe in 1938, and hiked the length of Mexico again in 1941 to search for an elusive "lost city of the Mayas." They wrote of reprinted travel-adventure stories about both trips, and have lectured in all parts of the United States.

INDIANAPOLIS, Ind. (AP) — Theodore W. Hendershot, 73, retired general manager of the Paterson, N.J., Morning Call, died Tuesday of cancer. Hendershot, who was with the Morning Call 49 years, lived in Indianapolis since his retirement three years ago.

Rehire McCluskey As Farrell Coach

FARRELL, Pa. (AP)—Eddie McCluskey is back as head basketball coach at Farrell High School.

The Farrell school board voted unanimously Thursday night to rehire McCluskey for the job he quit recently to become basketball coach at Gannon College in Erie.

McCluskey's reasons for the switch still remain unknown. He has steadfastly declined to discuss the matter.

One of the most successful high school coaches in the state, McCluskey had signed a five-year contract at Gannon. He took over the post officially at the close of the past school year at Farrell where he also served as assistant principal.

KENNEDY GOES BACK TO WORK

By WHITNEY SHOEMAKER
WASHINGTON (AP) — President Kennedy declared himself the winner today in a bout with virus. He resolved to get out of bed and back to work.

Kennedy, usually on the go constantly, was sidelined all day Thursday by a mixed bacteria and virus infection that hit him in his sleep. On the advice of White House physician Janet Travell, he stayed in bed.

By late afternoon, Dr. Travell reported he was "making a very nice recovery," was feeling much better and his temperature was normal. It had jumped to 101.6 degrees at 7 a.m., but under an attack of drugs had retreated to the normal 98.6 four hours later.

After checking him over again at 4 p.m., Dr. Travell told reporters the president had "a lot of zip" and had demanded to know: "How much longer do I have to hang around here?"

Kennedy was then undergoing his enforced rest in his bedroom in the White House living quarters. He had dozed at times during the day, sitting up in his pale blue pajamas to consume three bowls of chicken broth.

Driver Is Killed As Car Hits Pole

HAZLETON, Pa. (AP)—Michael Crofcheck Jr., about 25, was killed Thursday when his auto crashed into a pole in nearby Beaver Meadows during a police chase in heavy rain.

Police said they set out after the auto when they spotted it exceeding the 35-mile speed limit in Hazleton. Officers said that during the chase they clocked Crofcheck at 75 miles an hour. They said they lost him but a short time later found his car had crashed into the pole. He was dead on arrival at Hazleton State Hospital.

MOVIE WRITER FOREMAN HAD TRYING TIMES

By HAL BOYLE

NEW YORK (AP)—Carl Foreman doesn't write on a solid-gold typewriter.

But he could if he chose to. At 47 Carl, who once was a sideshow Barker, is reputed to be the highest paid screen writer in moviedom—and modestly declines to deny it.

LONG CAREER

Over a 22-year career his output has been relatively small for bourgeois Hollywood.

"I've turned out fewer than 50 scripts," he remarked. "Some of the fellows out there have written 500."

But among his films have been such notables as "High Noon," "Bridge on the River Kwai," "Champion," "The Key," and "The Mouse that Roared."

"GUNS OF NAVARONE"

He recently wrote and produced "Guns of Navarone," which tells of a suicidal commando raid against a German gun base. The Greek government obligingly loaned him three thousand troops and 12 destroyers for this \$5 million venture, filmed largely on the Island of Rhodes in the Mediterranean.

Foreman's own life story chronicles the rise of the writer from low-paid scribbler to the role of tycoon in the industry.

See Beer Sale In Phil's Stadium

HARRISBURG (AP)—A bill which would legalize the sale of beer at Connie Mack Stadium, home of the Philadelphia Phillies, is awaiting Gov. David Lawrence's signature. He is expected to sign it soon.

The Pennsylvania House of Representatives Thursday completed legislative action on the bill which likely would help boost the attendance of the last place club in the National League. The vote was 116-73.

The House had originated the bill and previously approved it last month. It was passed by the State Senate which added several amendments. The House action Thursday was an agreement on the amendments.

In the industry. After years of odd jobs ranging from carnival press agent and sideshow Barker to laboratory technician, the Chicago-born author finally sold his first film script in 1939 for \$180.

"I broke in the hard way," he recalled. "On what they called 'poverty row,' a section in Sunset Boulevard that held the offices of producers of cheap quickies."

INEXPENSIVE EPIC

"They made films for \$18,000 to \$20,000. To them a \$30,000 picture was an epic."

"A writer then was a barely necessary evil. He was a nuisance, hardly tolerated on the set. If they could just have figured how to make movies without a writer at all, life would have been beautiful for them."

"Once when I objected to a change they made in one of my scripts, and said so out loud, they decided on direct action—and included me out. They called over two policemen and had me thrown out of the studio."

Since those days, however, the writer has risen to the upper status class.

"The absolute minimum for a script today would be \$3,500," said Foreman. "And some writers have received from \$175,000 to \$200,000 plus a percentage of the picture."

John Robert Jones, 61, of Dikerson City, Pa., received lacerations of the chin and face and was treated by a doctor at the scene. Trooper N. F. Bechtel of the Frederick state police reported. Jones, who was traveling south on U. S. 15 in a 1956 Ford Sedan, failed to negotiate a sharp curve and collided with a 1950 Volkswagen headed north on Rt. 15 by Robert Pearson Wagner, U. S. Navy lieutenant commander from Bakersfield, Calif. The Volkswagen had stopped for a stop sign at the time of the accident, police said. Jones was charged with failing to keep to the right of center and is scheduled for trial in the Thurmont Magistrates Court. State police reported \$300 damages to each of the cars.

Eastern League

By THE ASSOCIATED PRESS
Binghamton ace Al Downing has blazed his way to his sixth straight victory without a loss and he couldn't have picked a better time to do it.

Just when it appeared that the Springfield Giants might be building a big lead in the Eastern League race, Downing came on Thursday night to stop their win streak and shave their margin to 3½ games.

The trips beat the Giants 6-3 as Downing pitched four-hit ball for eight innings, weakening in the ninth when Springfield rallied for two runs. Ted Murry came on to preserve the victory. Ed Gary belted a two-run homer and two singles to lead the Trips' 13-hit attack. Roger inner (2-5) was the loser.

HOUSE WEIGHS MEDICAL CARE OF STATE AGED

HARRISBURG (AP)—A program of medical care for the aged was put before the House Wednesday.

The Public Welfare Committee gave its approval to the plan, which would affect an estimated 62,000 Pennsylvania aged 65 and over at a cost of about \$13.5 million, equally shared by the state and federal governments.

However, the program is not expected to become effective until next Jan. 1. The time would be needed, assuming the legislature approves the program, to clear it with the federal government and set up its administration.

RAISES AID

For Pennsylvania hospitals, it would raise the aid they receive from the state from the some \$17 million now anticipated to about \$26.6 million. This would include both the 188 private, nonsectarian hospitals now receiving aid and an additional 30 some sectarian hospitals which have been excluded from state aid by the state constitutional prohibition against direct grants to such institutions.

The medical assistance program would be put under the state's public assistance law, which would permit aid to sectarian institutions since public assistance payments are not handled as direct grants.

Meanwhile, various members of the special house and senate committees on education reported privately that their reported agreement on compulsory reorganization reached at a joint meeting Tuesday night was not as decisive

LA Broker Sues Mary Pickford

LOS ANGELES (AP)—Former actress Mary Pickford is the victor in a \$25,000 suit filed against her by Lawrence A. Nessamar, a real estate broker.

Nessamar claimed the money was due him as a commission for negotiating the purchase of the Mayflower Hotel here by Miss Pickford and two other investors for \$1,885,000.

He complained that the ex-actress refused to pay the commission after repudiating the purchase in early 1955.

MEMBERS AGREE

Following the meeting, the Democratic chairman of the two committees—in an impromptu press conference—reported that the members had agreed that reorganization should be carried out on a basis of 5,000 students to a district.

This was in line with the proposal of Gov. Lawrence's Committee on Education but opposed by the Pennsylvania State Education Association, which has favored smaller units.

Committee sources said Wednesday the vote to choose the larger base was 7-6 with Democratic Rep. Jannette F. Reibman of Northampton County voting with five Republicans against it and Republican Rep. Maurice H. Goldstein of Allegheny County voting with the exi other democrats.

However, Republican Sen Raymond P. Shafer, Crawford, was absent and the sources pointed out that if he had been there the vote probably would have been a tie and there would have been no agreement.

The sources insisted that the question of size was still open to discussion.

PROBE FIRE FATAL TO TRIO

ASHLAND, Ala. (AP)—Authorities are seeking the cause of a fire in which the child-bride wife and two children of a once powerful Ku Klux Klan leader, the Rev. Alvin Horn, perished.

The bodies were removed from the ruins of a small, frame house in a rural area near this northeast Alabama town.

Horn, recently named in a federal court injunction barring violence against "Freedom Riders," resigned as a leader of the Alabama Ku Klux Klan faction in 1967 shortly after he married 15-year-old Barbara Richardson.

Mrs. Horn, now 19, and two children, Alvin J. Horn Jr., 3, and Pamela, 2, were in the house Wednesday when it burned.
